

Handicare Outdoor Stairlifts

Our outdoor straight and curved stairlifts are resilient to most weather conditions

If you need to climb stairs to access your front door or your garden, our specially designed stairlifts can give you the freedom to enjoy the outdoors independently again!

Handicare 1000 for use outdoors

Our 1000 straight stairlift is well-established for use indoors and with a handful of modifications to improve its capabilities to withstand most weather conditions, it's the perfect solution if you have steps to the front or back doors and need access to different levels of your garden.

Reliable and easy to use

- Slimline aluminium track with hidden gear rack and two parking/charging points
- Manual swivel seat and footrest fold away to allow more space on the steps
- Retractable or Velcro seat belt
- Remote parking and calling
- Safety sensors
- Heavy duty version available up to 160kg
- Adjustable seat height
- Easy to use paddle control

Outdoor features

- Painted plastic parts for improved UV protection
- Plated fasteners for improved corrosion resistance
- Coating applied to main controller
- Water resistant cover for protection of seat and powerpack (IP44 rated)
- Slate-coloured upholstery and rubber footrest mat for improved endurance and safety

Handicare 2000 for use outdoors

For outdoor steps with landings or bends, our 2000 stairlift has a twin curved rail system which is designed for a stable and smooth ride while delivering strength and stability.

Copes with complex steps

- Twin curved rail system with multiple charge points
- Manual swivel seat and footrest fold away to allow more space on the steps
- Retractable or Velcro seat belt
- Remote parking and calling
- Safety sensors
- Adjustable seat height
- Easy to use paddle control
- Heavy duty version available up to 137kg

Outdoor features

- Painted plastic parts for improved UV protection
- Weather proof zinc plated rails with grey coated feet
- Coating applied to main controller
- Slate-coloured upholstery and rubber footrest mat for improved endurance and safety
- Water resistant cover for protection of seat and powerpack (IP44 rated)

Worldwide network of Handicare partners

Handicare works with a worldwide network of trusted partners providing local expertise for thousands of stairlift users. In only a few questions they can identify what type of stairlift would suit your home and then recommend the best solution to meet your needs today and tomorrow.

In order for them to give you an exact cost for the stairlift solution most suitable for your stairs they will need to visit your home to perform a full survey and user assessment. During the survey the advisor will take the time to discuss your individual situation and recommend a stairlift solution. This is completely free of charge and without any obligation to make your mind up there and then.

To request a free and no obligation home survey and assessment from a Handicare partner, or information on our other products or services, please contact us.
